PERSONAL PROFILE

I am a creative, well-motivated individual who is capable of working on my own initiative and will always give 100% to any project I embark on. I enjoy the constant challenges of designing within different media, creating new concepts and working with clients on a daily basis.

I have excellent experience with print, web and concept design. My technical skills include prepress production, photo manipulation, XHTML, CSS and Actionscripting, with a sound knowledge of Photoshop, Indesign, Flash, Dreamweaver, Illustrator, Fireworks, and Quark. I also have a good understanding of many other programs; including Frontpage, Dimensions, Freehand, Vector 3D, Microsoft Office and CorelDraw

EMPLOYMENT HISTORY (continued)

Graphic Designer/ Project Manager

May 2005 – May 2006

Quality print, 6 Runanga Street, Taupo, New Zealand
<http://www.qualityprint.co.nz>

Quality print is a Commercial Printers with an in house design agency. I worked closely with clients to help provide all their printing requirements. Working closely with the production team I gained excellent knowledge in the field of printing (4 colour and single to three colour) and finishing.

Whilst at Quality Print I became the proud winner of Taupo's Customer Care Award for March 2006.

Web Designer

February 2002 – Sept 2004

ActiveIS Limited (ISO Certified)
Teddington, Middlesex, UK
<http://www.activeis.net>

Working as a lone designer within a .NET/ASP solution company. Producing anything from concept designs, HTML/ASP templates, Flash application, Web mastering, CD-ROM's, logos and printed material. Meeting and liaising with clients on and off site to produce design briefs, budgets and timescales.

Web Designer

July 2000 – December 2001

Alpha EC
London, UK
<http://www.alphaec.co.uk>

Whilst working for Alpha, I learnt a great deal about the web development industry. Being part of a small team gave me invaluable insight into the projects as a whole, rather than just the design aspect making me a more rounded individual. I regularly liaised with clients to discuss concepts and ideas, also co-ordinating with the Project Managers to meet timescales and agree budgets.

Freelance Designer

2001 (July)
